

The Moore Boys, Andrew Moore - Sarah Moffat.

The Moore family lived about a mile north of McCallar on the Great North road now Hwy 124. No T.V., Telephone so you made your own fun going to socials, dances, concerts etc and these events lasted most of the night 3 or 4 AM then you walked home. Jim Moore told this story about walking home after a dance at the hall. Where Wayne Madigan lives was the Ball homestead, and up near Bell Telephone bldg was a large white birch tree with lots of loose bark on it.

The Moore Boys were always tormenting Old man Ball. so they put a fire on the bark of this tree and it lit up the sky for some large area. Mr Ball saw the fire and the sky lit up, he says it was only the Moore boys going home, set the tree on fire. Those Moore Boys are either going to hell or coming back from it all the time I guess they got the old fellow stirred up again.
